

POOJA KRISHNAN S

Software Developer

8281452280 — poojakrishnan282003@gmail.com — LinkedIn — GitHub
Pathanamthitta, Kerala, India

Summary

Software Developer with knowledge in web development, mobile application development, and database management. Experienced in building scalable applications through academic projects and internships. Skilled in frontend, backend, and problem-solving.

Skills

Programming Languages: Python, C, C++

Frontend: React.js, Flutter, HTML, CSS, JavaScript

Backend: Node.js, Express.js, Django, REST APIs

Databases: MySQL, Firebase, SQLite

Tools: Git, GitHub

Concepts: OOP, Data Structures, Problem Solving

Experience

CUSAT FABLAB Internship

Kochi, India

Robotics and Design Intern

2024

- Worked with fabrication tools and technical workflows.
- Gained practical exposure to robotics and engineering design.
- Improved teamwork and problem-solving skills.

Metaloop IT Services

Kochi, India

Cyber Security and Ethical Hacking Intern

2025

- Learned cybersecurity principles and ethical hacking techniques.
- Performed vulnerability assessment and network security analysis.
- Improved analytical thinking and security knowledge.

Projects

Roamly – Community Driven Travel App — Cochin University of Science and Technology

- Developed a mobile application connecting solo travelers in real time.
- Built using Flutter for frontend development.
- Used Firebase for backend services and real-time database support.
- Focused on community interaction and travel connectivity.

Care Sync – Patient Record Management System — Cochin University of Science and Technology

- Developed a patient record management system for healthcare data.
- Built frontend using React.js.
- Developed APIs and server-side logic using Node.js and Express.js.
- Used MySQL for structured and efficient relational data storage.

Employment Management System — Personal Project

- Developed a full-stack Employment Management System using Python and Django with role-based authentication.
- Implemented employee registration, approval workflow, search functionality, and CRUD operations.
- Designed responsive web pages using HTML, CSS, and Django Template Engine.
- Integrated SQLite with Django ORM for secure and efficient database management.

Education

Cochin University of Science and Technology (CUSAT)

Kochi, India

B.Tech in Information Technology

2023 – 2027

Good Shepherd Public School

Kottayam, India

Higher Secondary Education

2021 – 2023

Amrita Vidyalayam

Pathanamthitta, India

Secondary Education

2021
